Superintendent of Highways, Walt Barss and the Town Board reviews the bids and compares the differential rates. Highway Superintendent Barss states On Road Diesel is what they use the most of. Discussion takes place on prices between the companies prices on #2 Fuel Oil and 87% Gasoline. Mirabito has the better differential on those but a little higher on the Diesel. Deputy Supervisor Johnson asks if it would be a problem if Diesel came from one company and the Gasoline from the other. Capasso, C. asks if they can split the bid. Discussion takes place. Deputy Supervisor Johnsons states this does not need to be awarded tonight. Walt can review and compare with what he uses the most and overall savings. We would need to know for the meeting on December 13, 2018.

On a motion by Cochran, C. and seconded by Capasso, C., the meeting was closed at 7:35
